

## TRT-3D-C

INDUSTRY 4.0

Machine for sorting sparkling wine corks using AI technology

|                           |                                                                  |
|---------------------------|------------------------------------------------------------------|
| <b>PRODUCTION</b>         | 12000 corks/h                                                    |
| <b>INFEED</b>             | Manual / vibratory / elevator / vibratory+elevator               |
| <b>OUTFEED</b>            | 8 programmable + 1 recovery                                      |
| <b>ACCESSORIES</b>        | Instruction manuals, CE marking plate, declaration of conformity |
| <b>CORK TYPE</b>          | 29 mm a 31 mm de diameter                                        |
| <b>MACHINE DIMENSIONS</b> | 1265x1880x1230 mm                                                |
